INDIANA

Steeped in natural and cultural history, Trine provides nearly 200 acres of rolling, wooded hills, open meadows, unique wetlands and a kettle lake. The natural features provide the perfect setting for a restored lakeside resort from yesteryear, plus a new meeting and conference facility, a casual boating and fishing center, picnic areas, and trails for hiking and biking.

BRIEF HISTORY

Much of this land was Wing Haven Resort from 1948 to the early 1970s. Helen and Ben Swenson bought the property after many years of serving as innkeepers at Pokagon State Park's Potawatomi Inn.

Helen was a naturalist and artist who loved birds. She named each of 12 cabin and duplex units for birds and decorated each according to the particular bird's colors. The Swensons' attention to simplicity and love of nature was further reflected with trails and even a small "nature cabin."
